# SAKTHI HARISH s

+91 9677807453 | Ramanathapuram | sakthiharish68@gmail.com | Portfolio | LinkedIn | GitHub

## Summary

Detail-oriented Computer Science Graduate with a solid foundation in software development, data structures, and database management. Hands-on experience applying core computer science concepts to full-stack and web-based projects. Proficient in designing efficient algorithms, writing clean code, and working with modern web technologies. Seeking an entry-level Software Engineer or Junior Developer position to contribute to scalable solutions.

## Skills

**Frontend:** HTML5, CSS3, Bootstrap, JavaScript, React.js
**Backend:** Java, Spring Boot, Hibernate, JDBC, Maven
**Database:** MySQL
**Office Tools:** MS Office (Word, Excel, PowerPoint)
**Tools & IDEs:** Git, GitHub, VS Code, IntelliJ IDEA, Eclipse, Postman
**Core Competencies:** Problem Solving, Analytical Thinking, Team Collaboration, Adaptability, Time Management

## Projects

**Amazon Clone – Full-Stack E-Commerce Platform** *Java, Spring Boot, React.js, MySQL, REST APIs, Razorpay API*

- Engineered a full-stack e-commerce platform using React.js and Spring Boot, implementing Spring Security and CORS for secure Customer and Seller Central access.
- Architected RESTful APIs and MySQL database models using JPA & Hibernate for catalog management, inventory CRUD operations, cart workflows, and wishlists.
- Integrated Razorpay API and AI features for online checkout, automated Tax Invoices, live order tracking, and an AI shopping chatbot; deployed on Vercel and Render.

**Sip & Serve – Online Cafe Web Application** *HTML5, CSS3, JavaScript (ES6+), LocalStorage, Git*

- Developed a responsive, multi-page cafe website (Sip & Serve) using HTML5, CSS3, and JavaScript that works smoothly on mobile, tablet, and desktop screens.
- Built an interactive menu, cart system, and checkout feature using browser LocalStorage to save user orders even after refreshing the page.
- Improved website performance and page navigation by writing clean JavaScript and optimizing DOM manipulation logic.

## Internships

**React Developer Intern** — *AIstratX Technologies* August 2026 – October 2026
**Data Analyst Intern** — *IPCS Global* July 2025
**Frontend Developer Intern** — *Unityr Tech Labs (SAIIC)* August 2024 – September 2024

## Education

**B.E., Computer Science and Engineering** 2022 – 2026
Syed Ammal Engineering College
CGPA: 7.60

## Certifications & Training

- Advanced React – Meta
- Database and SQL Operations – Infosys Springboard
- Prompt Engineering Skills for Developers– Linkedin Learning
- Master Program in Full Stack: Java – Fita Academy *Feb 2026 – July 2026*
- Advanced Java Training – Anudip Foundation *Aug 2026 – Present*

## Languages Known

**Tamil:** Native
**English:** Professional Working Proficiency
